To The Ends Of The Earth!

A Journey To Strengthen The Worldwide Victory Family

Seven years after receiving a special gift from the Victory family to celebrate 40 years of ministry, Pastors George and Hazel Hill were finally able to embark on an unforgettable around-the-world journey. Travelling by sea they visited 27 nations, including many countries where VCI has established ministries. This became a missions to connect with pastors, leaders, and believers across the globe and to strengthen, encourage, and inspire them in their faith.

Inspired the Apostle Paul's travels the Hills used every opportunity to minister wherever they stopped. From leadership meetings in Hawaii, New Zealand, Sri Lanka, Malaysia, Kenya, South Africa, Spain, and the United Kingdom, they shared vision, prayed with leaders, encouraged disciples, and witnessed firsthand how God is moving through Victory churches around the world.

One of the greatest highlights of the journey was seeing the passion and faithfulness of believers in every nation. Whether praying with pastors aboard the ship, joining street evangelism in New Zealand, celebrating with leaders in Kenya, or sharing the Gospel with Maasai warriors in Africa, the Hills witnessed a common desire to reach people for Christ.

The Hills put forward this heartfelt challenge for every believer: continue praying for the nations, especially those where the Gospel faces significant opposition, and never lose sight of God's call to reach the world. As has often been said, "What will you find when you get to the ends of the earth? A Victory Church!" Through your support, lives are being changed across the globe. Please visit our website by scanning the QR code to watch the full-length video and to hear more inspiring stories from this incredible journey. Let's celebrate what God is doing through our worldwide Victory family.
