God Leads, We Follow

Expanding the Reach of the Gospel in Mexico

Pastors Terry & Bernadita Melnychuk have seen God move powerfully in their ministry in Mexico, as current directors of the Victory Mission House in Ensenada, Mexico. This missions base is a training center that provides believers with the opportunity to experience missions firsthand.

Terry & Bernadita are currently preparing for an exciting transition. They are partnering with a Mexican educational organization to revitalize a Bible college to train pastors, leaders, and missionaries. The vision is to equip workers who can minister throughout southern Mexico, Central America, and South America, helping reach the Spanish-speaking world with the Gospel. Plans are also underway to appoint assistant directors at Victory House, allowing them to focus fully on this new endeavor.

They also remain actively involved in local church ministry. They recently helped Pastor Otto and his wife, Ellie plant a growing church in Ensenada. Terry & Bernadita believe God has strategically positioned the church to serve as both a local fellowship and a missionary outreach to the surrounding area.

Another ministry close to their hearts is Casa Manuel Seniors Home. It began as a small project but has grown into a loving Christian environment where seniors can spend their later years receiving care, provision, and spiritual encouragement. This ministry is a beautiful example of God's provision and the impact that comes when believers partner together in faith and compassion. They are grateful for all that God is accomplishing and look forward to the opportunities ahead as they continue serving the people of Mexico.
